ST. ALBANS.

All Printing brought to this Office, both Plais and Ornamental, will meet with prompt atten tion, at prices as low as the times will admit.

We do our work much better than can an Office that will do a job of printing for nothing for the sake of depriving us of it, and we are ready to compare our work with any simila class of printing done in the cities, both in neal nese and price.

Hand your orders into the Transcript Bool and Job Printing Establishment if you take an pride in having your printing done in a work manlike manner.

## CIRCULAR.

The attention of Town Superintendent Teachers, and others interested in the cause of popular education in the State of Vermont i called to Section 2, Act No. 2, of the Laws of Vermont for the year 1866, which reads as fol-

lows:

Section 2.—The Board of Education are hereby authorized, and it is made their duty, or or before July 1, 1867, and on or before said date every fifth year thereafter, to select a list of such grammars, geographies, arithmetics, his tories of this State and the United States, philosophies, algebras, readers and spellers, no exceeding one book of a kind in each branch, a they shall deem best suited for instruction and use in the district schools in this State, in each of said branches; and shall cause the list is selected to be published in all the newspaper published in the State, during the month of January next following the making of such selection; and also to be inserted in each school register issued after one year from the making of such selection; which list, so selected, shall be and remain authoritative and binding upor the Board of Education, superintendents and teachers, and during five years from and after November 1, 1868, and each five years thereafter; and superintendents and teachers shall recommend for use in the district schools at ter; and superintendents and teachers sha recommend for use in the district schools, as new books shall become necessary for instruc-tion in the branches named, no other than the books included in said list so selected and pub-

The following is an extract from the Repor of the Board of Education, for the year 1867

Mitchell's First Lessons, Primary, and Inter mediate Geographies were adopted, for these reasons, in brief; the simplicity and clearness of the text, the gradual and constant advance ment from the primary truths to the higher de or the text, the gradual and constant advance ment from the primary truths to the higher departments of geographical knowledge, the conciseness and completeness of the definitions the elegance and accuracy of the maps, the attractiveness of the pictorial illustrations, and the uniform method of treating topics that are similar to each other. Since the adoption of these books, the publishers have taken measures to prepare a special edition of the Intermediate Geography for use in the schools of Vermont. This edition will contain a new quartemap of the State, engraved on copperplate; and four pages of letter-press and questions, relating to the geography of Vermont, to be prepared by Rev. Pliny H. White, It is believed that this feature, while it is not to increase the cos of the books, will materially increase its value and the interest with which it will be studied McNally's Physical teography, accompanied by Monteith's Lessons in Astronomy, was adopted to be used in those departments of the study which are indicated by their titles. Guyot's Common School Geography was adopted as a Physical Geography of a grade different from McNally's.

Inasmuch as there seems to be some misap prehension as to the intention and design of th Board in recommending the different text-book in geography, it seems proper to state that was their intention to recommend the use Mitchell's Geographies by all classes which have hitherto used, or which would otherwise us Cornell's, and that they did not design that Guyot's Geographies should be used, except by pupils who, having passed through Mitchell's desire to advance to the study of physical geography by Guyot's method.

vill send agents into every town in the State, to supply schools according to the terms annexed and it is hoped that superintendents will furnish every facility for the speedy prosecution of their JOHN B. PAGE PLINY H. WHITE, JONATHAN ROSS, D. D. GORHAM, L. F. WARD, A. J. SANBORN, M. CLARKE,
